Open letter to the FCC:

I greatly benefit from listening to XM Satellite Radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere and has truly enriched my life and no doubt, countless others. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I can think of at least 1 or 2 constitutional ammendments that would be completely violated if any action was taken to censor satellite radio. I Respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve. Thank you for your time and attention!
